

Dear colleagues,

In September, efsli will be organising its yearly conference in Thessaloniki, Greece, in collaboration with the Association of Greek Sign Language Interpreters, AGSLI-SDENG. The theme of the conference is “Rights. Right?”.

You can find the link to the conference website [here](#).

To guarantee that European sign language interpreters from countries with a low GDP can also participate in the AGM and conference, efsli set up the efsli Supportive Attendance Fund (saf) in 2004. Saf provides financial support primarily to interpreters from European countries with a GDP of € 15.000 or lower. Interpreters from other European countries are also very welcome to apply for a funding.

We are happy to receive applications **from 1st March** on and we will **close the applications on 15th April**.

You can find more information on how to apply in English and International Sign [here](#). The SAF committee will be happy to answer any questions, please send your email to: saf@efsli.org

Feel free to forward this email to anyone you think might be interested.

Warm regards,

The SAF-committee.
